An efficient approach for determining a value is to send out a survey to your current customers. If these prospects have already bought an e-book from you, ask for their opinion when it comes to price. Do this by making a gross sales web page for the new ebook, but don't include a value on that page. As an alternative, add numerous hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to check out prices by making a number of duplicate gross sales pages with completely different costs on every page. Ensure your gross sales copy is precisely the same on each

page, and includes your promoting-handle sentence. Then work out for every web page the conversion ratio between visitors to your web site and sales of your book. This will tell you what your optimum price is.
