Do this by creating a gross sales web page for the new e-book, however don't embody a value on that page. As a substitute, add quite a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other technique is to test out prices by making a variety of duplicate sales pages with completely different prices on each page. Be sure your gross sales copy is strictly the identical on every web page, and contains your selling-handle sentence. Then work out for each page the conversion ratio between visitors to your web site and gross sales of your book. This will let you know what your optimum value is.

In the end, in case you've written a e book that solves a problem or presents a new method, your e-book will bring in both traffic and profits.
