Just be prepared in your competitors to undercut you on price as quickly as they hear about your book.

Needless to say the above pricing strategy is temporary. Eventually, you'll cease to sell books at this excessive price. So determine prematurely how lengthy you plan to offer your ebook at this excessive value, and when that time is up, change your pricing strategy.

If you want to see massive profits over buyer draw, aim for an audience that is looking for simple solutions to their problems at a low price. If your book is geared toward fixing one explicit drawback moderately than basic recommendation, then you possibly can cost more. Begin at the highest value the market will bear to bring in the largest profits, and plan to discount the guide a number of times all through the year.
