sales and promotional material, and every time anyone asks you about your ebook.

Make certain your gross sales copy is strictly the same on each page, and contains your selling-handle sentence. Then figure out for every page the conversion ratio between guests to your website and gross sales of your book. This may let you know what your optimum worth is.

Finally, when you've written a e book that solves a downside or presents a brand new approach, your book will bring in both visitors and profits.
