If these customers have already purchased an e book from you, ask for their opinion in terms of price. Do this by making a sales web page for the new book, but do not include a worth on that page. As a substitute, add quite a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another technique is to test out prices by making a number of duplicate gross sales pages with different prices on each page. Ensure your sales copy is strictly the similar on every web page, and consists of your promoting-handle sentence. Then determine for each page the conversion ratio between guests to your website and sales of your book. This can let you know what your optimum value is.

Finally, in the event you've written a book that solves a drawback or presents a brand new approach, your ebook will herald both traffic and profits.
