One other technique is to test out costs by creating a variety of duplicate gross sales pages with different prices on every page. Be certain that your gross sales copy is strictly the identical on

every page, and includes your promoting-handle sentence. Then determine for each page the conversion ratio between guests to your site and gross sales of your book. This may let you know what your optimum value is.

Ultimately, if you happen to've written a guide that solves a drawback or presents a new technique, your e book will usher in both traffic and profits.
