Advertising Strategies

The key that unlocks the gross sales potential of your ebook is to find a single sentence that becomes your promoting handle. Then be sure to use that sentence in each piece of sales and promotional material, and each time anybody asks you about your ebook.

Besides promoting your books assiduously online, there are a number of different methods that can make it easier to sell more books.

One is to provide one thing away at no cost with your guide, similar to a invaluable bonus item. Or bundle a number of ebooks under one price, which lowers the worth for each e-book in the event that they had been offered separately.

An effective approach for determining a price is to send out a survey to your present customers. If these clients have already bought an e book from you, ask for his or her opinion in terms of price. Do that by creating a sales page for the new book, however do not embrace a worth on that page. As an alternative, add numerous hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to test out costs by creating a variety of duplicate gross sales pages with different costs on each page. Make certain your sales copy is exactly the same on each page, and

includes your promoting-deal with sentence. Then figure out for each page the conversion ratio between visitors to your website and sales of your book. It will inform you what your optimum price is.

Finally, in case you've written a guide that solves a problem or presents a new technique, your e-book will usher in both site visitors and profits.
