Besides promoting your books assiduously on-line, there are a number of different strategies that may enable you to promote extra books.

One is to offer something away totally free with your e book, reminiscent of a invaluable bonus item. Or bundle a number of ebooks under one value, which lowers the worth for every book if they were sold separately.

An effective method for determining a worth is to ship out a survey to your current customers. If these prospects have already bought an e-book from you, ask for their opinion by way of price. Do this by making a gross sales web page for the new guide, but do not embrace a price on that page. Instead, add quite a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to test out costs by making a variety of duplicate gross sales pages with different prices on every page. Be sure your gross sales copy is exactly the identical on every page, and includes your selling-deal with sentence. Then determine for each web page the conversion ratio between visitors to your web site and sales of your book. This can let you know what your optimum worth is.

Ultimately, if you happen to've written a e book that solves a problem or presents a brand new approach, your e book will usher in both visitors and profits.
