Do this by creating a gross sales web page for the new e-book, but do not embody a value on that page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to test out costs by creating a number of duplicate gross sales pages with different costs on every page. Make certain your sales copy is precisely the identical on each web

page, and consists of your selling-deal with sentence. Then determine for every web page the conversion ratio between guests to your web site and sales of your book. This may let you know what your optimum price is.

Finally, if you happen to've written a guide that solves a drawback or presents a brand new technique, your ebook will usher in both site visitors and profits.
