## Marketing Methods

The key that unlocks the sales potential of your book is to find a single sentence that turns into your promoting handle. Then you should definitely use that sentence in every piece of gross sales and promotional materials, and each time anybody asks you about your ebook.

Besides selling your books assiduously on-line, there are several other methods that can help you promote more books.

One is to give one thing away totally free along with your book, equivalent to a precious bonus item. Or bundle several ebooks below one worth, which lowers the worth for every ebook if they were offered separately.

An effective method for determining a worth is to ship out a survey to your current customers. If these clients have already purchased an e-book from you, ask for their opinion when it comes to price. Do that by creating a gross sales page for the new e book, however don't embrace a value on that page. Instead, add a number of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to check out prices by making a variety of duplicate gross sales pages with completely different costs on each page. Ensure your sales copy is exactly the same on each web page, and includes your promoting-handle sentence. Then determine for each page the conversion ratio between guests to your web site and gross sales of your book. This will tell you what your optimum price is.

Ultimately, when you've written a guide that solves a problem or presents a new method, your ebook

will herald both visitors and profits. So be sure you write that selling-handle sentence that sums up what drawback your book solves and what the advantages of your 1753 ebook will be to the customers who buy it. After which watch your market come to you!
