Do this by making a sales web page for the new e-book, but do not include a value on that page. As a substitute, add a lot of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other technique is to test out prices by creating a number of duplicate gross sales pages with completely different prices on every page. Ensure your sales copy is strictly the identical on each

web page, and contains your promoting-handle sentence. Then figure out for each web page the conversion ratio between visitors to your site and sales of your book. This will tell you what your optimum price is.

In the end, if you've written a e-book that solves a drawback or presents a brand new technique, your e-book will herald both traffic and profits.
