As an alternative, add a number of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to test out costs by making a number of duplicate sales pages with completely different prices on each page. Make certain your sales copy is strictly the same on every web page,

and contains your promoting-handle sentence. Then work out for every page the conversion ratio between guests to your website and gross sales of your book. This will tell you what your optimum worth is.

Finally, if you happen to've written a e-book that solves a downside or presents a brand new method, your e book will bring in each visitors and profits.
