One is to give one thing away at no cost together with your book, reminiscent of a worthwhile bonus item. Or bundle a number of ebooks under one price, which lowers the worth for every book if they were bought separately.

An effective method for determining a price is to send out a survey to your current customers. If these customers have already purchased an book from you, ask for their opinion in terms of price. Do this by making a sales page for the new e-book, however do not embody a worth on that page. As a substitute, add a lot of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another technique is to test out prices by making a number of duplicate sales pages with different costs on each page. Ensure that your sales copy is precisely the similar on every web page, and includes your selling-handle sentence. Then figure out for each page the conversion ratio between guests to your web site and gross sales of your book. This will inform you what your optimum value is.

In the end, in the event you've written a e book that solves a downside or presents a brand new approach, your e-book will bring in each traffic and profits.
