Then make sure to use that sentence in each piece of gross sales and promotional materials, and each time anybody asks you about your ebook.

In addition to selling your books assiduously online, there are a number of different strategies that can allow you to sell more books.

An effective technique for figuring out a price is to ship out a survey to your present customers. If these clients have already bought an e book from you, ask for his or her opinion when it comes to price. Do that by creating a sales web page for the brand new guide, however don't embrace a value

on that page. Instead, add quite a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to check out costs by making a variety of duplicate gross sales pages with completely different costs on every page. Make sure that your sales copy is exactly the identical on each page, and includes your promoting-handle sentence. Then figure out for each web page the conversion ratio between guests to your website and sales of your book. This can tell you what your optimum price is.

In the end, for those who've written a guide that solves a problem or presents a brand new technique, your guide will usher in each visitors and profits.
