An effective method for determining a value is to ship out a survey to your present customers. If these prospects have already purchased an book from you, ask for their opinion when it comes to price. Do this by creating a gross sales page for the new e book, however don't include a price on

that page. As an alternative, add a lot of links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another technique is to test out prices by making a variety of duplicate sales pages with completely different costs on each page. Make sure your sales copy is strictly the similar on each page, and includes your promoting-handle sentence. Then figure out for each web page the conversion ratio between guests to your web site and sales of your book. This will let you know what your optimum worth is.

In the end, for those who've written a e-book that solves a drawback or presents a brand new method, your e-book will usher in each site visitors and profits.
