promotional materials, and each time anyone asks you about your ebook.

In addition to selling your books assiduously on-line, there are a number of different strategies that can make it easier to sell extra books.

One is to present something away totally free together with your e book, similar to a beneficial bonus item. Or bundle a number of ebooks below one worth, which lowers the worth for every e-book if they were bought separately.

An effective approach for determining a worth is to ship out a survey to your present customers. If these clients have already purchased an e-book from you, ask for their opinion by way of price. Do this by making a sales web page for the new e-book, but don't embody a worth on that page. Instead, add a number of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to test out costs by creating a number of duplicate gross sales pages with different costs on every page. Be sure that your gross sales copy is precisely the identical on each web page, and consists of your promoting-handle sentence. Then figure out for every page the conversion ratio between guests to your site and gross sales of your book. This will tell you what your optimum value is.

Ultimately, when you've written a e-book that solves a downside or presents a new method, your guide will herald each visitors and profits.
