to price. Do this by making a gross sales page for the new e-book, but do not embody a worth on that page. As an alternative, add plenty of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to check out prices by making a number of duplicate sales pages with different costs on every page. Be sure your sales copy is exactly the same on each web page, and contains your promoting-handle sentence. Then figure out for each web page the conversion ratio between visitors to your web site and gross sales of your book. This may let you know what your optimum worth is.
