Begin on the highest value the market will bear to bring in the largest profits, and plan to low cost the e-book a variety of times all through the year.

Instead, add a variety of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to test out prices by making a number of duplicate gross sales pages with different costs on every page. Be certain your sales copy is strictly the similar on each web page,

and includes your promoting-handle sentence. Then work out for every web page the conversion ratio between visitors to your site and gross sales of your book. This may let you know what your optimum value is.
